### **Response to Amendment**

This Office Action is in response to Amendment filed on 06/18/2003.

Claims 1-15 are presented for examination.

### **Claim Rejections - 35 U.S.C. § 102**

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15 are rejected under 35 U. S. C. § 102 (b) as being anticipated by Applicant Admitted Prior Art (AAPA).

Claims 1-15 are rejected for the same reason as set forth in the previous Office Action in Paper No. 5.

### **Response to Arguments**

Applicant 's comments stated that Nakamura et al has a wire-bonding pad 2, and a testing pad 3. However, Nakamura fails to disclose that both of the first pad and the second pad are formed on the IC.

Nakamura et al stated that a wire-bonding pads 2 and the testing pads 3 are formed on the integrated circuit formation regions on the semiconductor wafer 1 (col. 4, lines 44-53 and fig. 8). Clearly, the semiconductor wafer could be an IC or a PCB.

Therefore, for the above reason, it is believed that the rejection should be sustained. Feature of an invention not found in the claims can be given no patentable weight in distinguishing the claimed invention over the prior art.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
